

The official IMSA Spotter Guide for the 2018 **Rolex 24 at Daytona** has been updated and this version is no longer available.

Please visit **SpotterGuides.com/18_imsa** page for the latest versions of the Spotter Guides throughout the 2018 season

(webmasters - as requested please link to the webpage to ensure you are always linking to the most current guide. This also allows me to keep more accurate visitor records, which in turn helps with sponsorship and the continuation of the Spotter Guide series)

Many thanks for the support
